

SG-118

AM / FM / Bluetooth Wooden Cabinet Radio
with USB Phone Charging.

Color

Black

Elegant simplicity combined with state-of-the-art performance that includes Built-in Bluetooth version 4.1 Class II and NFC technology allows for simple pairing and connecting to your device, all with a simple touch of your device makes the SG-118 a fine choice for an AM/FM radio.

In true Sangean tradition, the sensitivity and reception is excellent, providing clear and static-free listening. Only three dial knobs are needed to adjust the volume, select AM/FM bands, AUX-in or Bluetooth.

Sangeans SG-118 MDF Cabinet with a real Walnut Finish not only makes for an elegant appearance, but improves sound quality due to its acoustically tuned design and properties. Its dynamic bass compensation will ensure rich clean sound anywhere.

A built-in USB 5V/1A port allows you to charge your mobile phone and awake with a full charge, ready for the day.
